

## BirdLife Australia Rarities Committee

### Unusual Record Report Form

This form is intended to aid observers in the preparation of a submission to document a major rare bird in Australia. Its use is NOT mandatory. Please attach and/or include all relevant information including any digital images. Please Email the completed form/submission to the BARC Chair, Tony Palliser [tonyp@bigpond.net.au](mailto:tonyp@bigpond.net.au)

BARC considers submissions that include a minimum of the submitter's name(s), the bird species claimed and the location and date(s) of the record. However, more information and evidence will usually be required for BARC to accept a record. So, please submit as much detailed information about the bird as possible.

If you choose not to use this form please make sure all relevant information requested in this form is included in your submission. However, it is our preference that you fully complete sections "A" and "B", or follow their headings, so that BARC has some continuity between all submissions.
